## Online Survey Questions

---

### Tell Us About Your Commute

I usually get to work by:

- Bike
- Car (drive alone)
- Carpool
- Charlottesville Transit System (CTS)
- JAUNT/Greene County Transit
- University Transit System (UTS)
- Vanpool
- Walk
- Work from home/Telecommute

How many miles do you travel to work or school?

- 0-1
- 1-5
- 5-15
- 15-25
- 25-35
- 35-50
- 50+

How long does it usually take you to get to work or school?

- 0-5 minutes
- 5-15 minutes
- 15-25 minutes
- 25-35 minutes
- 35-45 minutes
- 45 minutes+

Other than your commute, how do you get around? (Check All That Apply)

- Bike
- Car (drive alone)
- Carpool
- Charlottesville Transit System (CTS)
- JAUNT/Greene County Transit
- University Transit System (UTS)
- Vanpool
- Walk

## Identifying the Issues

Please rate your level of satisfaction with your ability to travel in your community:

- Very Satisfied
- Satisfied
- Neutral
- Dissatisfied
- Very Dissatisfied
- Not Applicable

### Check all that apply

The things that frustrate me about the existing transportation system are:

- Volume of traffic
- Inadequate transit system/Lack of transit system
- Trucking traffic
- Traffic accidents
- Backups at major intersections
- Backups at interstate/highway interchanges
- Unsynchronized stoplights
- Lack of commuter trails for cyclists and pedestrians
- Lack of alternate driving routes
- Other (please describe below)

### Check all that apply

I don't take transit because:

- It doesn't go where I need to go
- It's not available in my community
- It's faster to drive my car
- I carpool/vanpool
- Bus routes and schedules are difficult to understand
- I am concerned for my personal safety
- My work schedule makes it difficult
- I already take transit
- Other (please specify below)

I don't carpool/vanpool because:

- It doesn't go where I need to go
- It's not available in my community
- It's faster to drive my own car
- I take transit

- I don't know how it works
- I am unable to find someone with whom to carpool/vanpool
- I am concerned for my personal safety
- My work schedule makes it difficult
- I already carpool or vanpool
- Other (please specify below)

### **Choose 3 or Check All That Apply**

The transportation safety issue that concerns me the most is:

- Difficulty crossing major intersections as a non-motorist
- Lack of bike lanes
- Lack of sidewalks
- Vehicle speeds
- Drivers running red lights
- Narrow, curvy rural roads
- Prompt emergency vehicle response to my home
- I don't have any concerns in this area
- Other (please specify below)

### **Choose 3 or Check All That Apply**

Which environmental issues concern you most when it comes to transportation?

- Air pollution
- Climate change from use of fossil fuels
- Water pollution due to stormwater runoff from pavement
- Disruption of habitat by roads
- Damage to historic and cultural landmarks
- Loss of green space
- Noise pollution
- None of the above
- Other (please fill in the space below)

### **Finding Transportation Solutions**

**Level of Agreement Matrix** (Strongly agree/ Agree/ Neutral/ Disagree/ Strongly Disagree)

Do you agree with the following statements?

"Re-engineering existing roads and intersections is an effective way to alleviate some of our congestion problems."

"Constructing new roads is an effective way to alleviate our congestion problems."

"More compact land development is an effective way to avoid congestion problems."

"If gas prices keep rising I will more likely consider taking alternative modes of transportation or using Rideshare programs"

**Please Rank**

My community would be easier to get around if there were:

- More local road connections to nearby neighborhoods and commercial areas
- More bike and pedestrian trails
- More sidewalks and crosswalks
- More bypass/express roads
- A more extensive transit system
- Other (please describe below)

**Check all that apply**

I would start using existing or future public transportation:

- If it was faster than driving a private vehicle
- If the overall cost was less than driving a private vehicle
- If it was simple to use
- If it was available within an acceptable distance of my home/work
- If it would take me where I want to go, when I need to go there
- I would not use public transportation given the above circumstances
- I already use public transportation

Please rate your level of agreement with the statement

“I support a state-wide tax increase for the maintenance of bridges, tunnels, railroad crossings and other transportation infrastructure.”

Strongly Agree

Agree

Neutral

Disagree

Strongly Disagree

Not Applicable

**Please Rank**

In this region, trucking and rail are the most prevalent modes of freight transportation and both systems face congestion, resulting in decreased business capacity and efficiency. The region should explore the following freight initiatives:

- Identify strategies to improve highway and rail connections to freight destinations
- Improve and add rail tracks where needed to allow more trains along each corridor
- Increase the quantity of freight moved by rail and reduce the number of trucks on roadways
- Improve services so freight and passengers can both move efficiently on the same railway
- Facilitate public/private partnerships for finance freight-related infrastructure expansions

**Yes/No Matrix**

I would support a tax increase to further fund:

- New roadway construction to increase capacity
- Bus system expansion
- Better maintenance of existing infrastructure
- Commuter rail development
- Bike and pedestrian trail construction
- Improving roadway safety
- Freight rail expansion
- None of the above
- Other (please fill in below)

**Tell us about yourself:**

I work in:

- Albemarle County
- City of Charlottesville
- Fluvanna County
- Greene County
- Louisa County
- Nelson County
- Outside the region

How would you describe yourself?

- African-American
- American Indian
- Asian
- Caucasian
- Hispanic/Latino
- Other (please specify)

Would you like us to contact you with additional information? (Yes/No)
