## MEMO

To: Thomas Jefferson Planning District Commission  
From: Rochelle Garwood, Senior Planner – Environment  
Date: May 22, 2008  
Re: Solid Waste Plan Amendment Hearing

**Purpose:** This memo is to provide Commissioners with background on the need for a new public hearing for the Solid Waste Plan Amendment and the limited (and suggested by the Commissioners) changes that have been made to the Plan since March.

**Background:** It turns out that the wrong date was advertised in the Daily Progress for the March public hearing for the Solid Waste Plan as amended to remove Nelson County, and the ruling by DEQ is that the hearing needs to be re-advertised and re-held. An advertisement with the correct date was run on May 22, 2008 (two weeks before the PDC meeting). The only changes that have been made to the plan since the Commission reviewed it in March are those the Commission suggested: the header has been revised to say “2006 TJPDC Solid Waste Management Plan - Amended as of June 5, 2008,” and the following has been added to the end of the Executive Summary:

### Amendment History:

- **April 5, 2007:** Added Environmental Management Systems as a method to achieve source reduction and reuse.
- **July 17, 2007:** Added the Zion Crossroads Recycling Center as a solid waste management facility.
- **June 5, 2008:** Removed Nelson County from the solid waste plan, reflecting the county’s withdrawal from the region.

**Action Needed:** Approval of the amended plan, following the public hearing.
